Subject: Small Fry Mine - Transfer

I received a call from Garry Morris (303) 245 7766 today regarding the Small Fry Mine. He said they are waiting for approval from all 3 agencies (DOGM, DEQ, DRC) before exercising their purchase option for the Small Fry. He has received DOGM's approval letter and transfer forms. Once they have all three approvals they will send us the transfer form, surety, etc. Holland-you may already know all this.
